SUMMARY OF

IRANIAN REMOTE VIEWING SESSIONS CD-06 and CD-16

6 CD-06 — 1400 HRS 13 MAY 80 — SHIRAZ

SUMMARY: The remote viewer was shown an overhead photograph, labeled Shiraz. On this photograph was an annotated building. The viewer was asked to access this building and determine if there were any US hostages at this location. If so, who are they, and what type of security measures are being taken to guard them. The remote viewer felt that there were four people being held hostage at this location, but could only get descriptions of two. He also described five Iranian guards, two of which were sleeping at this time. He felt that this building was located somewhere in the extreme northwest section of the city.

3 CD-16 — 1400 HRS 21 MAY 80 — QOM

SUMMARY: The remote viewer was shown an overhead photograph, labeled Qom. On this photograph was an annotated, separately secured complex. The viewer was asked to go to this complex and determine if there were any US hostages at this location. The viewer described a group of 15-20 people, but could not be positive whether they were American prisoners or not.

SUMMARY OF

IRANIAN REMOTE VIEWING SESSIONS CCC-42-CCC-94

3 CCC-42 — 1400 HRS 01 APR 80 — THOMAS AHERN

SUMMARY: The viewer described Ahern as being in good physical condition and located in a room by himself. When asked if there were any other hostages at this location, the viewer described an individual who appeared to be very ill. This individual appeared to be located in the same building as Ahern, in a hospital or infirmary type environment. The viewer was unsure of the exact location of this building and had not recognized it from any previous sessions.

6 CCC-50 — 1400 HRS 08 APR 80 — MALCOLM KALP

SUMMARY: The viewer described a two-storey building with some unusual design or painting on the outer wall. The viewer felt that he was not on the Embassy compound and there were three other unidentifiable hostages at this location. He also made mention, during the mission debrief, that there was a European-looking woman at this location. She did not appear to be a hostage or an Iranian.

11 CCC-54 — 1030 HRS 10 APR 80 — MALCOLM KALP

SUMMARY: The viewer described an official type building with a French atmosphere. He did not feel that he was in the US Embassy compound during this session.

11 CCC-62 — 1030 HRS 17 APR 80 — STEVEN LAUTERBACH

SUMMARY: The viewer described a large, rectangular, two-storey building which faced a large open field. He was not able to make any positive identifications from the photographs available. He did feel that there were 30-40 hostages at this location, including 2-3 women.

6 CCC-63 — 1400 HRS 17 APR 80 — AREA "A"

SUMMARY: The viewer located five hostages in one room. He identified Robert Anders and Bert Moore. Donald Cooke and Joseph Hall or Michael Howland were identified as possibly being at this location. The viewer was not able to locate any other hostages in this building.

6 CCC-64 — 0900 HRS 18 APR 80 — WILLIAM ROYER

SUMMARY: The viewer identified Royer, Queen, Scott and three unidentified individuals in building "E." The viewer also stated, during debrief, that the women were located in building "F."

6 CCC-65 — 0800 HRS 19 APR 80 — AREA "MIKE"

SUMMARY: The viewer identified Ahern, Metrinko, Holland and Morefield at this location. He also located several other personnel including several Marines. He felt that 3 of these people were possibly Blucker, Limbert, and Lee.

3 CCC-66 — 0800 HRS 19 APR 80 — VICTOR TOMSETH

SUMMARY: The viewer described an unusual light fixture and an old-fashioned telephone switchboard nearby. He also described a device he felt was related to explosives and a heavy machine gun near the entrance to this building. The viewer had an awareness of three hostages at this location. He was not able to identify the other hostages.

1 CCC-67 — 0800 HRS 19 APR 80 — MICHAEL HOWLAND

SUMMARY: The viewer was unable to focus well on the individual. He felt that Howland was located in a multi-storey building, which had a peculiar roof line. He felt that this building was within the US Embassy compound and described two guards located at the exterior of this building.

6 CCC-68 — 0900 HRS 22 APR 80 — JOSEPH HALL

SUMMARY: The viewer described a multi-storey, flat roofed building that appeared to have some sort of cafeteria inside. The viewer felt that there were six hostages at this location, four of which are newcomers or being held here temporarily. With Joseph Hall, the viewer described a US Army Staff Sergeant (E-6). The remote viewer said that he perceived three heavily armed guards in the large room, and another at the entrance to this building. During the debriefing the viewer stated that he felt the hostages were being categorized and grouped at this time.

6 CCC-69 — 1400 HRS 22 APR 80 — PAUL NEEDHAM

SUMMARY: The viewer described Needham as being located in a multi-storey, yellowish colored building. The viewer felt that there were 4-5 other hostages at this same location. He had a very strong impression that Colonel Holland was also at this location. NOTE: This session was prematurely terminated due to excessive ambient room noise.

6 CCC-70 1500 HRS 23 APR 80 AREAS C,D,E,F

SUMMARY: In building C, the viewer found eight Iranian guards, asleep. The main entrance was fortified, and there was an armed sentry outside. In building D, the viewer found five Marines, one of which he identified as Galegos, three civilians, and two Iranian guards. Access to this building was barricaded and fortified. In building E, the viewer found six Marine hostages, two Iranian guards and the same fortifications. In building F, the viewer found two male hostages and two heavily armed Iranian guards with hand radios. Outside of this building the viewer described explosive technique devices, either buried in or on the ground.

1 CCC-71 1500 HRS 23 APR 80 KEVIN HERMENING

SUMMARY: The viewer felt that Hermening and an unidentified male hostage were being held in building J.

1 CCC-72 1930 HRS 23 APR 80 PHILLIP WARD

SUMMARY: Information indicates that Ward is probably being held in warehouse building on compound. Two guards located outside building in the parking lot. Several other guards inside building-at least 3. All guards are armed.

6 CCC-73 23 APR 80 AREA J

SUMMARY: Two guards located right inside front door. They cover front area and interior of building. Three or four more Iranian guards, resting in room directly back from front door. Have automatic weapons. Three of the guards are women. Two women hostages in room on other side of kitchen. Source reports this is a new situation as they were separated before. Two male hostages on second floor. Early 40s. Word "agriculture" has something in common with them. Darkened CP/OP on roof. Two or three sentries have field glasses and flares. No heavy wespons. They have a radio which operates in the 25-29 megahertz range (most likely 26/27), and hand-held night-vision devices. Area around trees near gravel area could be armed with explosives. Walking into danger area. Source reported three other women who might be Iranians. Felt they weren't, but were trying to pass as Iranian women.

3 CCC-74 23 APR 80 MOORHEAD KENNEDY

SUMMARY: Building described as a public type building with two arched doorways. Exterior of building appears old and ornate. Building has partially flat roof with two squashed pyramid shapes on top and a small microwave antenna in one corner. Source believes this location is somewhere west of the Embassy compound. Source felt that there were three hostages being held here. There were armed security personnel located on the roof and on the ground floor.

6 CCC-75 2200 HRS 23 APR 80 GREGORY PERSINGER

SUMMARY: Do not know where building is located, might not be on compound. Building has boards on windows, stone courtyard, stone benches, high walls around it, and fountain in grassy area. Source reports a total of seven hostages in this building and identified one as being Gary Lee. (He also identified an individual not on any list this office holds.) He felt that there were at least three guards (1 in room with hostages, and 2 in hallway). The guards in the hallway were armed.

11 CCC-76 23 APR 80 CHARLES SCOTT

SUMMARY: Felt building might possibly be Area "A." Information is similar to report CCC-74 (two different sources). Building had arches, columns, red brick wall and narrow courtyard. Reports that Scott is with 7-9 hostages, one of whom is Colonel Holland. He felt that all these hostages were disignated "Special Interest Category." Hostages probably located on second floor. There are five guards in the area.

3 CCC-77 2400 HRS 23 APR 80 STEVEN LAUTERBACH

SUMMARY: The viewer described a building with multiple arches and pillars supporting an overhang. There was a warning from Lauterbach, to beware of the Iranian they call the "Fox." Immense amount of fire-power covering the clearings at this location. The viewer felt that he was on the Embassy compound.

1 CCC-78 2400 HRS 23 APR 80 JOSEPH SUBIC

SUMMARY: Identified Subic as being held in area "H" with at least 10 other hostages. Group was outside exercising at this time. The building was described as being a plain, long, flat-roofed, cement building with a double door and overhang at one end. There were two guards; 1 in hybiscus and 1 under overhang of building. Viewer felt that there may have been more hostages at this location, and that they come out in groups of 10-12 to exercise.

11 CCC-79 1000 HRS 24 APR 80 KEVIN HERMENING

SUMMARY: Two possible locations: Area "J" or Area "I" which is described as "E" shaped building. Initially building described as two-storey with columns and balcony. Dark, plush inside area. Staircase is wide-white lobby type coming in. Three corridors. People in right corridor free to move about while left corridor they are guarded; probably on 2d floor. From outside-two-storey rectangular building, red brick, flat roof, little wooden box structure in middle of roof, building may look like an "E." There are two female hostages located in right corridor and an unknown number of other hostages. Less than 20 guards to a shift. Know they should have more. Guards lack concern.

6 CCC-80 1000 HRS 24 APR 80 AREA J

SUMMARY: The viewer found 11 hostages at this location. They are being held in four different bedrooms, three each in three rooms and 2 in the fourth room. He also described two Iranian women (1 with a pistol) and three male Iranian guards (2 heavily armed) in the front living room area of this building. The viewer felt that these 11 hostages were allowed access to an extensive library.

7 CCC-81 1600 HRS 24 APR 80 CATHY KOOB

SUMMARY: First floor-windows with sheer curtains; she is in bedroom. Looks like residential area, bushes in front; short brick fence; wrought iron gate; ornate inside; staircase. Might be located on second floor; building is white and curved; vision of ballroom; high windows; chandelier; heavy curtains; pillars supporting facade; expansive, manicured guards.

11 CCC-82 1600 HRS 24 APR 80 AREA I

SUMMARY: 250100 JUN 80 IRAN TIME: An "E" shaped building; 7-8 guards inside, 4-5 roving guards outside; "They're more vigilant now, it's like a tightening of procedures;" 42-43 hostages total (mostly 3 per room) in three wings of building; absence of people in center wing; 4 male hostages discussing parents who visited their son, think one of these hostages is that son; 1 female hostage.
250200JUN 80: complete mayhem, guards scurrying from their cots; impression of very forboding quick action.
250300JUN80: "It's about 7 casualties, there on the left wing.

1 CCC-83 1800 HRS 24 APR 80 AREA G

SUMMARY: No guards, no hostages being kept here! 4-5 people studying or colating documents.

3 CCC-84 1800 HRS 24 APR 80 AREA I

SUMMARY: 2 armed guards outside; 2 militants in living room; things appear peaceful; there's a radio in here, somebody with headsets on; a big crowd nearby, near the wall, this seems like militant headquarters.
250300JUN80 IRAN TIME: Ferocious, big chested gorillas tearing the hell out of everything; "running...furious...physical...fast force...stealth...speed."

6 CCC-85 2300 HRS 24 APR 80 AREA H

SUMMARY: There are 5 hostages, 3 civilians, 1 warrant officer and an Army NCO. The front door is bolted and locked from the inside; 3 armed guards inside. "I think this building is rigged; it's booby-trapped in some way.... it's rigged to burn.

1 CCC-86 2300 HRS 24 APR 80 AREA I

SUMMARY: The remote viewer was unable to locate any hostages in this building. He described a heavy machine gun emplacement in the woods approximately 50 feet from this building.

7 CCC-87 2300 HRS 24 APR 80 AREA G

SUMMARY: No hostages being kept in this building! Many, many Iranians. This building probably being used as rallying point for students.

3 CCC-88 0130 HRS 25 APR 80 AREA "A"

SUMMARY: Area quiet, people sitting in lobby. People sitting around-appear to be just waiting/passing time day. NOTE: This session aborted due to news bulletin.

11 CCC-89 0130 HRS 25 APR 80 AREA G

SUMMARY: 3-5 non-hostage personnel on first floor. There are people who might be hostages, but they are not Americans. This place used for vehicle dispatch purposes as well as serving as an alternate control center. Definitely no American hostages! NOTE: This mission was terminated due to news bulletin.

11 CCC-90 0830 HRS 01 MAY 80 MR. DAUGHERTY

SUMMARY: The viewer described a two-storey "L" shaped building in what he felt was a rather exclusive suburban area. The viewer felt that there were other hostage personnel kept at this location, but that at the time of this session they were temporarily elsewhere, location unknown.

1030 HRS

11 CCC-91 01 MAY 80 DAVID ROEDER

SUMMARY: The viewer described a prison-like cell block in which 8-9 hostages of some importance were being held. He felt that this location may be only "four long city blocks" or about 3 miles from the US Embassy in Teheran. Roeder appeared depressed, felt isolated and it seemed as if he had been abused by someone.

1400 HRS

3 CCC-92 01 MAY 80 DAVID ROEDER

SUMMARY: The viewer described a location approximately 3 or 4 miles from the US Embassy compound in Teheran. The area consisted of one main building several smaller support buildings. The viewer felt that Roeder was with a "few other hostages." Roeder appeared depressed, felt alone, and had been made a fool of by someone.

0900 HRS

6 CCC-93 02 MAY 80 DAVID ROEDER

SUMMARY: The viewer described a single-storey, yellow-stucco, residential type building located within a spacious, walled area. He stated that this location was in the city of Teheran, and probably within 6 to 7 blocks of the US Embassy compound. The viewer also stated that there was a structure, which resembled a stadium nearby. The viewer was aware of 4 hostages at this location; Roeder, Holland, Ahern and an unidentified hostage. He also mentioned that there were 10-12 heavily armed Iranian guards.

1400 HRS

1 CCC-94 02 MAY 80 THOMAS AHERN

SUMMARY: The viewer described Ahern as being in a small room which appeared to be something like a prison cell. He stated that Ahern appeared to be in good physical condition, but somewhat frustrated with his situation. The viewer did not "see" any other hostages, but the names Johnson and Thornton came to mind.
